IN MEMORY

Of the Departed Soldiers of the
Late War Services Held

AT SEVERAL OF THE CHURCHES

In Wheeling and Neighboring Towns.
The G. A. R. held services at Benwood that were largely attended—several visiting lodges—Memorial Services Under the Auspices of the G. A. R. at Thomson Church Last Night.

Though yesterday was the Sunday before Memorial Day—Decoration Day falling on Sunday this year—memorial services were held at a number of the local churches as well as at churches in neighboring towns. At each service there was a large congregation.

Down at Benwood in the morning, the G. A. R. post and several councils of the Junior Order of United American Mechanics united in a joint memorial service which was held in the M. E. church. G. A. R. men from Wheeling and members of the Mechanics from Wheeling, Bellair, McMechen and other neighboring towns also attended numerous. Rev. J. S. Robinson, pastor of the Benwood Methodist church, preached an effective memorial sermon, in the course of which he spoke of the objects and aims of the patriotic orders represented so largely in the audience. Later in the day special memorial services were held at McMechen, many of the G. A. R. men and Mechanics who had attended the service at Benwood, going to McMechen on the electric line. At McMechen another very strong address was made.

Last night at the Thomson M. E. church, on the Island, Stephens and Holliday posts, Grand Army, attended special G. A. R. memorial services that were conducted by the pastor of the church, Rev. C. E. Clark, who preached a memorial sermon that was pronounced one of the best ever heard in Wheeling. Memorial services will be held at a number of the churches next Sunday.

FOR \$30,000

A One-Fourth Interest in the Cornwallis Development Sold—Largest Well in the Field Came in Saturday Night.

Woodyard, Cox & Peters, the pioneer operators in the Cornwallis field, struck the largest well that has yet come in in that promising field, Saturday night. It is Douglas No. 2, although it is only two feet in the pay, it is showing up for 1,000 barrels a day. M. J. Peters, who is a member of the firm, and who had a one-fourth interest in the leases, has disposed of his share for \$30,000 to W. M. Cox, his partner, and while he is the only one known in the deal, it is believed by the oil talent that the United States Oil Company is the real purchaser. This strike has served to heighten the excitement among the talent.

A STUBBORN FIRE

The Department was at Work an Hour Yesterday Afternoon.

A stubborn fire was that which caught under the roof of Herman Baer's two-story tenement house at the corner of Third and Coal streets, North Wheeling, yesterday afternoon. The apparatus north of the creek worked an hour before the blaze was extinguished. Although the loss on the building is not heavy, the rain greatly damaged the household goods of the four tenants, Messrs. Vogel, Hart, Hartner and Crider. The building is situated on the hill-side and the house, as well as the fire, was difficult to get at. The loss was about \$500, uninsured.
